Alcohol

Alcohol Research From Bench to Bedside, edited by Gordis E, Tabakoff B, Linnoila M (book review). Fall 357

Alcoholism: A Molecular Perspective, edited by Palmer TN (book review). Fall 354–355

Anxiety and mood disorders in hospitalized alcoholic individuals. Lydiard RB, Brady K, Ballenger JC, Howell EF, Malcolm R. Fall 325–331

Clinical laboratory tests as an aid in distinguishing cirrhotic from noncirrhotic liver disease in alcoholic patients. Ryback RS, Dufour MC, Rawlings RR, Eckardt MJ. Spring 133–138

Drug and Alcohol Abuse: A Clinical Guide to Diagnosis and Treatment, Third Edition, by Schuckit MA (book review). Summer 272–273

Drug preference, reported drug experience, and

stimulus sensitivity. Milin R, Loh EA, Wilson A. Summer 248–256
Effects of a family history of alcoholism on autonomic, neuroendocrine, and subjective reactions to alcohol (clinical and research report). Bauer LO, Yehuda R, Meyer RE, Giller E. Spring 168–176
Intragastric infusion of ethanol by alcoholics after surgery for head and neck cancer (clinical and research report). Kranzler HR, Ginther L, Ttofi C. Winter 83–85
Long-term therapy with benzodiazepines despite alcohol dependence disorder: seven case reports. Adinoff B. Fall 288–293
Model curriculum for alcohol and drug abuse training and experience during the adult psychiatry residency. Halikas JA. Summer 222–229
Relationship between HIV-1 antibody seropositivity and alcohol/nonintravenous drug abuse among psychiatric inpatients: a pilot study (clinical and research report). Lee HK, Travin S, Bluestone H. Winter 85–88

Alcoholism. *See* Alcohol

Androgens

Anabolic steroids: addictive, psychiatric, and medical consequences. Brower KJ. Spring 100–114

Anxiety Disorder

Anxiety and mood disorders in hospitalized alcoholic individuals. Lydiard RB, Brady K, Ballenger JC, Howell EF, Malcolm R. Fall 325–331

Attention-Deficit Hyperactivity Disorder (ADHD)

Clinical implications of the relationship between attention-deficit hyperactivity disorder and psychoactive substance use disorders (clinical update series). Kaminer Y. Summer 257–264

Attitudes

Adolescent substance abuse treatment: staff, treatment completers', and noncompleters' perceptions of the value of treatment variables. Kaminer Y, Tarter RE, Bukstein OG, Kabene M. Spring 115–120
Personal variables and the attitudes of medical students toward substance abuse. el-Guebaly N, Hodgins DC, Dudar C. Winter 61–66

Autonomic Nervous System

Effects of a family history of alcoholism on autonomic, neuroendocrine, and subjective reactions to alcohol (clinical and research report). Bauer LO, Yehuda R, Meyer RE, Giller E. Spring 168–176

B

Benzodiazepines

Long-term therapy with benzodiazepines despite alcohol dependence disorder: seven case reports. Adinoff B. Fall 288–293

Benzoylecgonine

Persistent urinary benzoylecgonine following cocaine use (clinical and research report). Kranzler HR, Dellafera SS, McLauglin L, Wong SHY. Summer 265–271

Books Reviewed

Addiction and the Vulnerable Self: Modified Dynamic Group Therapy for Substance Abusers, by Khantzian EJ, Halliday K, McAuliffe W. Winter 89–90
Alcohol Research From Bench to Bedside, edited by Gordis E, Tabakoff B, Linnoila M. Fall 357
Alcoholism: A Molecular Perspective, edited by Palmer TN. Fall 354–355
Children of Alcoholics: Critical Perspectives, edited by Windle M, Searles JS. Spring 181–182
Children of Chemically Dependent Parents: Multiperspectives From the Cutting Edge, edited by Rivinus TM. Spring 177–179
Clinical Manual of Chemical Dependence, edited by Ciraulo DA, Shader RI. Summer 274–275
Drug and Alcohol Abuse: A Clinical Guide to Diagnosis and Treatment, Third Edition, by Schuckit MA. Summer 272–273
Evaluating and Treating Adult Children of Alcoholics, Vols. I and II, by Cermak TL. Spring 179–181
Help at Last: A Complete Guide to Coping With Chemically Dependent Men, by Kaufman E. Winter 90–91
Physiopathology of Illicit Drugs: Cannabis, Cocaine, Opiates, edited by Nahas GG, Latour C. Fall 355–357

C

Caffeine

The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149

Cancer

Intragastric infusion of ethanol by alcoholics after surgery for head and neck cancer (clinical and research report). Kranzler HR, Ginther L, Ttofi C. Winter 83–85

Cannabis

Drug preference, reported drug experience, and stimulus sensitivity. Milin R, Loh EA, Wilson A. Summer 248–256
Physiopathology of Illicit Drugs: Cannabis, Cocaine, Opiates, edited by Nahas GG, Latour C (book review). Fall 355–357

Carbamazepine

The effect of carbamazepine on cocaine use. Halikas J, Kuhn K, Carlson G, Crea F, Crosby R. Winter 30–39

Case Management

Dual diagnosis: the case for case management (clinical update series). Mason SE, Siris SG. Winter 77–82

Index to Volume 1

Case Reports

Long-term therapy with benzodiazepines despite alcohol dependence disorder: seven case reports. Adinoff B. Fall 288–293

Children and Adolescents

Adolescent substance abuse treatment: staff, treatment completers', and noncompleters' perceptions of the value of treatment variables. Kaminer Y, Tarter RE, Bukstein OG, Kabene M. Spring 115–120

Children of Chemically Dependent Parents: Multiperspectives From the Cutting Edge, edited by Rivinus TM (book review). Spring 177–179

Psychoactive substance abuse and dependence as a risk factor in adolescent-attempted and -completed suicide: a review (special article). Kaminer Y. Winter 21–29

Substance abuse severity in female adolescents: association between age at menarche and chronological ages. Mezzich AC, Tarter RE, Hsieh Y-C, Fuhrman A. Summer 217–221

Children of Alcoholics: Critical Perspectives, edited by Windle M, Searles JS (book review). Spring 181–182

Evaluating and Treating Adult Children of Alcoholics, Vols. I and II, by Cermak TL (book review). Spring 179–181

Children of Alcoholics (COAs)

Children of Alcoholics: Critical Perspectives, edited by Windle M, Searles JS (book review). Spring 181–182

Children of Chemically Dependent Parents: Multiperspectives From the Cutting Edge, edited by Rivinus TM (book review). Spring 177–179

Effects of a family history of alcoholism on autonomic, neuroendocrine, and subjective reactions to alcohol (clinical and research report). Bauer LO, Yehuda R, Meyer RE, Giller E. Spring 168–176

Evaluating and Treating Adult Children of Alcoholics, Vols. I and II, by Cermak TL (book review). Spring 179–181

Cirrhosis

Clinical laboratory tests as an aid in distinguishing cirrhotic from noncirrhotic liver disease in alcoholic patients. Ryback RS, Dufour MC, Rawlings RR, Eckardt MJ. Spring 133–138

Clinical and Research Reports

Effects of a family history of alcoholism on autonomic, neuroendocrine, and subjective reactions to alcohol. Bauer LO, Yehuda R, Meyer RE, Giller E. Spring 168–176

Intragastric infusion of ethanol by alcoholics after surgery for head and neck cancer. Kranzler HR, Ginther L, Ttofi C. Winter 83–85

An open trial of sertraline for cocaine abuse. Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353

Persistent urinary benzoylecgonine following cocaine use. Kranzler HR, Dellafera SS, McLauglin L, Wong SHY. Summer 265–271

Relationship between HIV-1 antibody seropositivity and alcohol/nonintravenous drug abuse among psychiatric inpatients: a pilot study. Lee HK, Travin S, Bluestone H. Winter 85–88

Clinical Trials

Six-month follow-up of short-term pharmacotherapy for cocaine. Kosten TR, Gawin FH, Kosten TA, Morgan C, Rounsaville BJ, Schottenfeld R, Kleber HD. Winter 40–49

Clinical Update Series

Clinical implications of the relationship between attention-deficit hyperactivity disorder and psychoactive substance use disorders. Kaminer Y. Summer 257–264

Dual diagnosis: the case for case management. Mason SE, Siris SG. Winter 77–82

Predicting success in a community treatment program for substance abusers. Bachman SS, Batten HL, Minkoff K, Higgins R, Manzik N, Mahoney D. Spring 155–167

A model of integrated services for outpatient treatment of patients with comorbid schizophrenia and addictive disorders. Rosenthal RN, Hellerstein DJ, Miner CR. Fall 339–348

Modified group therapy for substance abusers: a psychodynamic approach to relapse prevention. Khantzian EJ, Halliday KS, Golden S, McAuliffe WE. Winter 67–76

Cocaine

Can cocaine craving be a medication development outcome? Drug craving and relapse in opioid and cocaine dependence. Kosten TR. Summer 230–239

Cocaine abuse and pathological gambling. Steinberg MA, Kosten TA, Rounsaville BJ. Spring 121–132

Effect of methadone dose on cocaine abuse in a methadone program. Stine SM, Freeman M, Burns B, Charney DS, Kosten TR. Fall 294–303

The effect of carbamazepine on cocaine use. Halikas J, Kuhn K, Carlson G, Crea F, Crosby R. Winter 30–39

An open trial of sertraline for cocaine abuse (clinical and research report). Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353

Persistent urinary benzoylecgonine following cocaine use (clinical and research report). Kranzler HR, Dellafera SS, McLauglin L, Wong SHY. Summer 265–271

Physiopathology of Illicit Drugs: Cannabis, Cocaine, Opiates, edited by Nahas GG, Latour C (book review). Fall 355–357

Six-month follow-up of short-term pharmacotherapy for cocaine. Kosten TR, Gawin FH, Kosten TA, Morgan C, Rounsaville BJ, Schottenfeld R, Kleber HD. Winter 40–49

Tolerance and withdrawal in the DSM-III-R diagnosis of substance dependence: utility in a cocaine-using population. Rounsaville BJ, Bryant K. Winter 50–60

Cognitive Impairment
Peptide T treatment of cognitive impairment in HIV-positive intravenous drug users. Rosen MI, Bridge TP, O'Malley SS, Pearsall HR, Martini B, O'Connor PG, Brett-Smith H, Thomas HM, van Dyck CH, Woods SW, Kosten TR. Fall 332–338
Comorbidity. *See* Diagnosis, Dual
Cortisol
Effects of a family history of alcoholism on autonomic, neuroendocrine, and subjective reactions to alcohol (clinical and research report). Bauer LO, Yehuda R, Meyer RE, Giller E. Spring 168–176
Countertransference
Countertransference and other mutually interactive aspects of psychotherapy with substance abusers (special article). Kaufman ER. Summer 185–202
Craving
Can cocaine craving be a medication development outcome? Drug craving and relapse in opioid and cocaine dependence. Kosten TR. Summer 230–239
The effect of carbamazepine on cocaine use. Halikas J, Kuhn K, Carlson G, Crea F, Crosby R. Winter 30–39

D

Day Treatment
The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149
Depression
Differential diagnosis of depression and dysthymia in substance abuse patients (letter). Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92
An open trial of sertraline for cocaine abuse (clinical and research report). Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353
Designer Drugs
The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149
Desipramine
Six-month follow-up of short-term pharmacotherapy for cocaine. Kosten TR, Gawin FH, Kosten TA, Morgan C, Rounsaville BJ, Schottenfeld R, Kleber HD. Winter 40–49
Diagnosis
Clinical laboratory tests as an aid in distinguishing cirrhotic from noncirrhotic liver disease in alcoholic patients. Ryback RS, Dufour MC, Rawlings RR, Eckardt MJ. Spring 133–138
Differential diagnosis of depression and dysthymia in substance abuse patients (letter). Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92
Predicting success in a community treatment program for substance abusers (clinical update series). Bachman SS, Batten HL, Minkoff K, Higgins R, Manzik N, Mahoney D. Spring 155–167
Diagnosis, Dual
Antecedents, severity of abuse, and response to treatment in substance-abusing schizophrenic individuals. Munsey DF, Galanter M, Lifsutz H, Franco H. Summer 210–216
Cocaine abuse and pathological gambling. Steinberg MA, Kosten TA, Rounsaville BJ. Spring 121–132
Differential diagnosis of depression and dysthymia in substance abuse patients (letter). Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92
Dual diagnosis: the case for case management (clinical update series). Mason SE, Siris SG. Winter 77–82
A model of integrated services for outpatient treatment of patients with comorbid schizophrenia and addictive disorders (clinical update series). Rosenthal RN, Hellerstein DJ, Miner CR. Fall 339–348
Substance abuse and psychiatric illness: the dually diagnosed patient. Weiss RD, Collins DA. Spring 93–99
Drug Abuse. *See* Substance Abuse
Drug Preference
Drug preference, reported drug experience, and stimulus sensitivity. Milin R, Loh EA, Wilson A. Summer 248–256
DSM-III-R/IV
Tolerance and withdrawal in the DSM-III-R diagnosis of substance dependence: utility in a cocaine-using population. Rounsaville BJ, Bryant K. Winter 50–60
Dysthymia
Differential diagnosis of depression and dysthymia in substance abuse patients (letter). Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92

Cocaine abuse and pathological gambling. Steinberg MA, Kosten TA, Rounsaville BJ. Spring 121–132

Modifying the Addiction Severity Index for use with pathological gamblers. Lesieur HR, Blume SB. Summer 240–247

Self-reported withdrawal symptoms and pathological gambling. Rosenthal RJ, Lesieur HR. Spring 150–154

H

Human Immunodeficiency Virus (HIV)

Comparison of HIV-associated risk behaviors of primary intravenous stimulant users and opioid-addicted subjects on methadone maintenance. Saxon AJ, Calsyn DA. Fall 304–314

Effectiveness of reducing needle-related risks for HIV through indigenous outreach to injection drug users. Booth R, Wiebel WW. Fall 277–287

Peptide T treatment of cognitive impairment in HIV-positive intravenous drug users. Rosen MI, Bridge TP, O'Malley SS, Pearsall HR, Martini B, O'Connor PG, Brett-Smith H, Thomas HM, van Dyck CH, Woods SW, Kosten TR. Fall 332–338

Relationship between HIV-1 antibody seropositivity and alcohol/nonintravenous drug abuse among psychiatric inpatients: a pilot study (clinical and research report). Lee HK, Travin S, Bluestone H. Winter 85–88

Screening for risk of HIV exposure using the A-I-D-S mnemonic. Mueller TI, Swift RM. Summer 203–209

I

Intragastric Infusion

Intragastric infusion of ethanol by alcoholics after surgery for head and neck cancer (clinical and research report). Kranzler HR, Ginther L, Ttofi C. Winter 83–85

Intravenous Drug Users (IVDUs)

Comparison of HIV-associated risk behaviors of primary intravenous stimulant users and opioid-addicted subjects on methadone maintenance. Saxon AJ, Calsyn DA. Fall 304–314

Effectiveness of reducing needle-related risks for HIV through indigenous outreach to injection drug users. Booth R, Wiebel WW. Fall 277–287

Peptide T treatment of cognitive impairment in HIV-positive intravenous drug users. Rosen MI, Bridge TP, O'Malley SS, Pearsall HR, Martini B, O'Connor PG, Brett-Smith H, Thomas HM, van Dyck CH, Woods SW, Kosten TR. Fall 332–338

L

Letters

Differential diagnosis of depression and dysthymia in substance abuse patients. Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92

M

Males

Help at Last: A Complete Guide to Coping With Chemically Dependent Men, by Kaufman E (book review). Winter 90–91

Medical Students

Personal variables and the attitudes of medical students toward substance abuse. el-Guebaly N, Hodgins DC, Dudar C. Winter 61–66

Methadone

Comparison of HIV-associated risk behaviors of primary intravenous stimulant users and opioid-addicted subjects on methadone maintenance. Saxon AJ, Calsyn DA. Fall 304–314

Effect of methadone dose on cocaine abuse in a methadone program. Stine SM, Freeman M, Burns B, Charney DS, Kosten TR. Fall 294–303

Menarche

Substance abuse severity in female adolescents: association between age at menarche and chronological ages. Mezzich AC, Tarter RE, Hsieh Y-C, Fuhrman A. Summer 217–221

Mood Disorder

Anxiety and mood disorders in hospitalized alcoholic individuals. Lydiard RB, Brady K, Ballenger JC, Howell EF, Malcolm R. Fall 325–331

Personality, mood, and psychiatric symptoms among anabolic steroid users. Moss HB, Panzak GL, Tarter RE. Fall 315–324

N

Nicotine

The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149

O

Opiates

Can cocaine craving be a medication development outcome? Drug craving and relapse in opioid and cocaine dependence. Kosten TR. Summer 230–239

Comparison of HIV-associated risk behaviors of primary intravenous stimulant users and opioid-addicted subjects on methadone maintenance. Saxon AJ, Calsyn DA. Fall 304–314

Physiopathology of Illicit Drugs: Cannabis, Cocaine, Opiates, edited by Nahas GG, Latour C (book review). Fall 355–357

P

Peptide T

Peptide T treatment of cognitive impairment in HIV-positive intravenous drug users. Rosen MI, Bridge TP, O'Malley SS, Pearsall HR, Martini B, O'Connor PG, Brett-Smith H, Thomas HM, van Dyck CH, Woods SW, Kosten TR. Fall 332–338

Pharmacokinetics

Persistent urinary benzoylecgonine following cocaine use (clinical and research report). Kranzler HR, Dellafera SS, McLauglin L, Wong SHY. Summer 265–271

Pharmacotherapy

Six-month follow-up of short-term pharmacotherapy for cocaine. Kosten TR, Gawin FH, Kosten TA, Morgan C, Rounsaville BJ, Schottenfeld R, Kleber HD. Winter 40–49

Physiopathology

Physiopathology of Illicit Drugs: Cannabis, Cocaine, Opiates, edited by Nahas GG, Latour C (book review). Fall 355–357

Prevention

Prevention of drug abuse: theory and application (special article). Tarter RE. Winter 2–20

Psychoactive Substance Use Disorders (PSUD)

Clinical implications of the relationship between attention-deficit hyperactivity disorder and psychoactive substance use disorders (clinical update series). Kaminer Y. Summer 257–264

Prevention of drug abuse: theory and application (special article). Tarter RE. Winter 2–20

Psychotherapy

Countertransference and other mutually interactive aspects of psychotherapy with substance abusers (special article). Kaufman ER. Summer 185–202

Psychiatric Inpatients

Relationship between HIV-1 antibody seropositivity and alcohol/nonintravenous drug abuse among psychiatric inpatients: a pilot study (clinical and research report). Lee HK, Travin S, Bluestone H. Winter 85–88

R

Relapse Prevention

Modified group therapy for substance abusers: a psychodynamic approach to relapse prevention (clinical update series). Khantzian EJ, Halliday KS, Golden S, McAuliffe WE. Winter 67–76

S

Schizophrenia

Antecedents, severity of abuse, and response to treatment in substance-abusing schizophrenic individuals. Munsey DF, Galanter M, Lifsutz H, Franco H. Summer 210–216

Dual diagnosis: the case for case management (clinical update series). Mason SE, Siris SG. Winter 77–82

A model of integrated services for outpatient treatment of patients with comorbid schizophrenia and addictive disorders (clinical update series). Rosenthal RN, Hellerstein DJ, Miner CR. Fall 339–348

Self-Reporting

Self-reported withdrawal symptoms and pathological gambling. Rosenthal RJ, Lesieur HR. Spring 150–154

Serotonin

An open trial of sertraline for cocaine abuse (clinical and research report). Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353

Sertraline

An open trial of sertraline for cocaine abuse (clinical and research report). Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353

Special Articles

Prevention of drug abuse: theory and application. Tarter RE. Winter 2–20

Psychoactive substance abuse and dependence as a risk factor in adolescent-attempted and -completed suicide: a review. Kaminer Y. Winter 21–29

Steroids, Anabolic

Anabolic steroids: addictive, psychiatric, and medical consequences. Brower KJ. Spring 100–114

The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149

Personality, mood, and psychiatric symptoms among anabolic steroid users. Moss HB, Panzak GL, Tarter RE. Fall 315–324

Stimulus Sensitivity

Drug preference, reported drug experience, and stimulus sensitivity. Milin R, Loh EA, Wilson A. Summer 248–256

Substance Abuse, Adolescents

Substance abuse severity in female adolescents: association between age at menarche and chronological ages. Mezzich AC, Tarter RE, Hsieh Y-C, Fuhrman A. Summer 217–221

Substance Abuse, Dual Diagnosis

Differential diagnosis of depression and dysthymia in substance abuse patients (letter). Weddige RL, Fliszar GM, Clopton JR, Contreras SA, Arredondo R. Winter 92

Substance abuse and psychiatric illness: the dually diagnosed patient. Weiss RD, Collins DA. Spring 93–99

Substance Abuse, Group Therapy

Addiction and the Vulnerable Self: Modified Dynamic Group Therapy for Substance Abusers, by Khantzian EJ, Halliday K, McAuliffe W (book review). Winter 89–90

Index to Volume 1

Modified group therapy for substance abusers: a psychodynamic approach to relapse prevention (clinical update series). Khantzian EJ, Halliday KS, Golden S, McAuliffe WE. Winter 67–76

Substance Abuse, HIV

Comparison of HIV-associated risk behaviors of primary intravenous stimulant users and opioid-addicted subjects on methadone maintenance. Saxon AJ, Calsyn DA. Fall 304–314

Effectiveness of reducing needle-related risks for HIV through indigenous outreach to injection drug users. Booth R, Wiebel WW. Fall 277–287

Relationship between HIV-1 antibody seropositivity and alcohol/nonintravenous drug abuse among psychiatric inpatients: a pilot study (clinical and research report). Lee HK, Travin S, Bluestone H. Winter 85–88

Substance Abuse, Self-Administration Studies

The importance of drug self-administration studies in the analysis of abuse liability: an analysis of caffeine, nicotine, anabolic steroids, and designer drugs. Foltin RW. Spring 139–149

Substance Abuse, Suicide

Psychoactive substance abuse and dependence as a risk factor in adolescent-attempted and -completed suicide: a review (special article). Kaminer Y. Winter 21–29

Substance Abuse, Theory

Drug preference, reported drug experience, and stimulus sensitivity. Milin R, Loh EA, Wilson A. Summer 248–256

Prevention of drug abuse: theory and application (special article). Tarter RE. Winter 2–20

Substance Abuse, Training

Clinical Manual of Chemical Dependence, edited by Ciraulo DA, Shader RI (book review). Summer 274–275

Clinical Textbook of Addictive Disorders, edited by Frances RJ, Miller SI (book review). Summer 273–274

Model curriculum for alcohol and drug abuse training and experience during the adult psychiatry residency. Halikas JA. Summer 222–229

Personal variables and the attitudes of medical students toward substance abuse. el-Guebaly N, Hodgins DC, Dudar C. Winter 61–66

Substance Abuse, Treatment

Adolescent substance abuse treatment: staff, treatment completers', and noncompleters' perceptions of the value of treatment variables. Kaminer Y, Tarter RE, Bukstein OG, Kabene M. Spring 115–120

Antecedents, severity of abuse, and response to treatment in substance-abusing schizophrenic individuals. Munsey DF, Galanter M, Lifsutz H, Franco H. Summer 210–216

Countertransference and other mutually interactive aspects of psychotherapy with substance abusers (special article). Kaufman ER. Summer 185–202

Drug and Alcohol Abuse: A Clinical Guide to Diagnosis and Treatment, Third Edition, by Schuckit MA (book review). Summer 272–273

Effect of methadone dose on cocaine abuse in a methadone program. Stine SM, Freeman M, Burns B, Charney DS, Kosten TR. Fall 294–303

Effectiveness of reducing needle-related risks for HIV through indigenous outreach to injection drug users. Booth R, Wiebel WW. Fall 277–287

An open trial of sertraline for cocaine abuse (clinical and research report). Kosten TA, Kosten TR, Gawin FH, Gordon LT, Hogan I, Kleber HD. Fall 349–353

Predicting success in a community treatment program for substance abusers (clinical update series). Bachman SS, Batten HL, Minkoff K, Higgins R, Manzik N, Mahoney D. Spring 155–167

Prevention of drug abuse: theory and application (special article). Tarter RE. Winter 2–20

Six-month follow-up of short-term pharmacotherapy for cocaine. Kosten TR, Gawin FH, Kosten TA, Morgan C, Rounsaville BJ, Schottenfeld R, Kleber HD. Winter 40–49

Substance Dependence

Anabolic steroids: addictive, psychiatric, and medical consequences. Brower KJ. Spring 100–114

Can cocaine craving be a medication development outcome? Drug craving and relapse in opioid and cocaine dependence. Kosten TR. Summer 230–239

Clinical Manual of Chemical Dependence, edited by Ciraulo DA, Shader RI (book review). Summer 274–275

Help at Last: A Complete Guide to Coping With Chemically Dependent Men, by Kaufman E (book review). Winter 90–91

Long-term therapy with benzodiazepines despite alcohol dependence disorder: seven case reports. Adinoff B. Fall 288–293

A model of integrated services for outpatient treatment of patients with comorbid schizophrenia and addictive disorders (clinical update series). Rosenthal RN, Hellerstein DJ, Miner CR. Fall 339–348

Psychoactive substance abuse and dependence as a risk factor in adolescent-attempted and -completed suicide: a review (special article). Kaminer Y. Winter 21–29

Tolerance and withdrawal in the DSM-III-R diagnosis of substance dependence: utility in a cocaine-using population. Rounsaville BJ, Bryant K. Winter 50–60

Suicide

Psychoactive substance abuse and dependence as a risk factor in adolescent-attempted and -completed suicide: a review (special article). Kaminer Y. Winter 21–29

Surgery

Intragastric infusion of ethanol by alcoholics after

surgery for head and neck cancer (clinical and research report). Kranzler HR, Ginther L, Ttofi C. Winter 83–85

T

Tolerance

Tolerance and withdrawal in the DSM-III-R diagnosis of substance dependence: utility in a cocaine-using population. Rounsaville BJ, Bryant K. Winter 50–60

Training

Clinical Manual of Chemical Dependence, edited by Ciraulo DA, Shader RI (book review). Summer 274–275

Clinical Textbook of Addictive Disorders, edited by Frances RJ, Miller SI (book review). Summer 273–274

Model curriculum for alcohol and drug abuse training and experience during the adult psychiatry residency. Halikas JA. Summer 222–229

U

Urine Testing

Persistent urinary benzoylecgonine following cocaine use (clinical and research report). Kranzler HR, Dellafera SS, McLauglin L, Wong SHY. Summer 265–271

W

Withdrawal

Self-reported withdrawal symptoms and pathological gambling. Rosenthal RJ, Lesieur HR. Spring 150–154

Tolerance and withdrawal in the DSM-III-R diagnosis of substance dependence: utility in a cocaine-using population. Rounsaville BJ, Bryant K. Winter 50–60
